

Republic Township Planning Commission - Minutes of Sept. 10, 2018 Meeting

Meeting was called to order at 7:15 pm.

Members present: Tom Feldhusen, Tom Sandblom, Tracy Wilkinson, John Kraft

There were no reports from the Zoning Administrator and Recreation Committee.

Under old business, discussion of the Non-Metallic Mining Ordinance, and the Dangerous Building Ordinance were tabled due to the absence of the people who were working on them.

Discussion of the Master Plan began. Chapter 8 had been reviewed and changes made by the PC Chair. These were discussed briefly. Due to the members present not bringing in their copies, this had to be postponed.

The PC Chair asked the members to look at the revised Chapter 8, and look at Chapters 9 & 10 to see if they had any suggestions for revision.

The bulk of the plan contained demographical and income data from the 2010 Census, which are still current, thus no changes need to be made.

Under new business, the need for a secretary was brought up again. No one volunteered.

The need for a member on the zoning board of appeals was also brought up. The PC chair will do this temporarily until a permanent one is found.

There were no public comments.

Meeting was adjourned at about 8:00 pm.
